

## Kemtah Adds Geoff Duke to their Executive Management Team

August 25, 2008, Albuquerque, New Mexico

The Kentah Group, Inc., is pleased to announce Mr. Geoff Duke, Vice President of Healthcare Services, as the newest member to our leadership team. Mr. Duke brings more than 15 years of experience in information technology planning, development, implementation, and operations. His background in IT healthcare will enable Geoff to bring technical depth combined with strategic direction to Kentah's core vertical of healthcare IT services.

Mr. Duke has worked for clinical laboratories, care delivery systems, and managed care organizations, building and transforming information technology. Mr. Duke most recently served as Senior IT Leader for a major southwest healthcare services provider.

"I am pleased to welcome Geoff to Kentah," said Steve Wade, Kentah president. "His knowledge and depth of experience will enhance our service offerings for both present and future clientele. We are enthused to add Geoff's practical experience in integrating IT solutions into the healthcare environment. His industry experience will help us deliver client-specific solutions that encompass a long-term view and focus on customer satisfaction."

Mr. Duke will be based in Kentah's Albuquerque, NM headquarters.
